

PARENT PAYMENT POLICY

STATEMENT OF COMMITMENT

Cobram Secondary College believes every student deserves a safe and positive learning experience where they are engaged and supported to reach their full potential.

The College adheres to the principles of Australian democracy and takes into account the diversity of all children and makes reasonable efforts to accommodate them. This includes (but is not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, children who identify as lesbian, gay, bisexual, transgender, intersex and questioning (LGBTIQ) individuals, and children who are vulnerable.

The College is committed to creating a child safe environment protecting children from all forms of abuse and neglect.

PURPOSE

To ensure that parent payment practices are consistent, transparent and ensure that all children have access to the standard curriculum.

RATIONALE

The Victorian community shares a vision to build an education system that champions excellence and ensures that every child and young person has access to the opportunities to succeed in life, regardless of their background or circumstances.

Schools are best placed to make local decisions which ensure that all students can access a broad range of learning opportunities that support their expectations and promote their aspirations as they move through the education system. Parent contribution, in all forms, assists schools to provide an enriched learning and teaching program for every student and is highly valued by school communities.

Learning and teaching programs vary across schools based on local needs and circumstances and reflect each school's priorities, decisions and resources. This, in turn, informs the parent payment charges approved by school councils that may vary from one school to the next.

WHAT CAN SCHOOLS CHARGE FOR?

The Education and Training Reform Act 2006 provides for instruction in the standard curriculum program to be free to all students in government schools. School councils are responsible for developing and approving school-level parent payment charges and can request payments from

parents¹ under three categories only- Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Essential Student Learning Items are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

- materials that the individual student takes possession of, such as text books and student stationery
- materials for learning and teaching where the student consumes or takes possession of the finished articles (e.g. home economics, photography, catering)
- school uniform (where applicable)
- activities associated with, but not part of instruction in the standard curriculum program, such as costs associated with camps and excursions which all students are expected to attend (e.g. transport and entrance costs).

Note: If parents/guardians choose to provide equivalent materials themselves, this should be done in consultation with the school, and items should meet the specifications provided by the school. However, there are some items (e.g. food provisions for home economics) which, due to their nature, can only be provided by the school.

Optional Items are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.

These items include:

- instructional support material, resources and administration in addition to the standard curriculum program (e.g. student computer printing for personal use)
- extra-curricular programs or activities offered in addition to the standard curriculum program (e.g. instrumental music)
- school-based performances, productions and events
- materials for subjects where the payment sought is the difference between the basic materials/services required for access to the standard curriculum program and higher cost alternatives which may be more desirable (e.g. the use of more expensive materials)
- materials and services offered in addition to the standard curriculum program (e.g. school magazines)
- school facilities and equipment not associated with providing the standard curriculum program, and not otherwise provided for through the SRP (e.g. student accident insurance, and hire or lease of equipment such as musical instruments).

Voluntary Financial Contributions

Parents can be invited to make a donation to the school for a general or specific purpose, e.g. school grounds projects, library fund or for new equipment. Only some Voluntary Financial Contributions are tax-deductible.

- *contributions to a building trust fund or contributions to a library trust fund (these trust funds are approved by the Australian Taxation Office and are tax deductible)*

¹ Parent' in the policy has the same meaning as in the *Education and Training Reform Act 2006*, which is: 'parent', in relation to a child, includes a guardian and every person who has parental responsibility for the child including parental responsibility under the *Family Law Act 1975* of the Commonwealth and any person with whom a child normally or regularly resides.

- *contributions for a specific purpose identified by the school (e.g. equipment, materials or services) in addition to those funded through the SRP. This may include additional computers or student-related services*
- *general voluntary financial contributions or donations to the school.*

The attached diagram "**Understanding Parent Payment Categories**" provides examples of items and materials under each category.

In implementing this policy, schools must adhere to the following principles:

PRINCIPLES

- **Educational value:** Student learning, aspirations and wellbeing are paramount when schools determine their parent payments practices
- **Access, equity and inclusion:** All students have access to the standard curriculum program and participation of all students to the full school program is facilitated
- **Affordability:** Cost to parents is kept to a minimum and is affordable for most families at the school
- **Engagement and Support:** Early identification and engagement strategies by the school ensure parents are well informed of the payment options and supports available for those experiencing hardship
- **Respect and Confidentiality:** Parents and students experiencing hardship are treated with respect, dignity, sensitivity and without judgement and the identity and personal information of all parents and students are kept confidential in respect to parent payments
- **Transparency and Accountability:** School parent payment practices are well communicated, clear and transparent and their impact on student programs and families are reviewed by school councils

PAYMENT ARRANGEMENTS AND METHODS

Parents and guardians will be provided with notice of required payment requests.

The College is committed to improving our service to students and their families by offering flexible and convenient payment options for parent payments.

These options include:

BPay

Upon commencement at Cobram Secondary College, you are given a 'Billing Code' which shows on your statement. You can make payments whenever you wish, using this 'Billing Code' through internet banking.

Families are to use the reference number given to them on their statement for identification purposes.

IN PERSON

Pay at the General Office between 8.30am and 4.00pm Monday to Friday by either cash, cheque or EFTPOS which accepts credit and debit cards.

MAIL

Post a cheque to Cobram Secondary College, PO Box 387, Cobram 3644

CENTREPAY SCHEME

Cobram Secondary College has been approved for the 'Centrepay Scheme', which is an easy way to pay your school account. This means that parents/guardians on a Centrelink Payment, can elect

to request to deduct a chosen amount from your payment to pay off your child's education expenses owed to Cobram SC.

Centrepay Reference No: 555107700L

Alternative payment options are available through the school and parents are encouraged to make an appointment with the College Principal to discuss circumstances and available options.

Payments may be requested but not required prior to the commencement of the year in which the materials and services are to be used.

Payment requests to parents will be itemised and the category which each item falls under will be clearly identified as one of the three parent payment categories; essential education item, optional education item or voluntary financial contribution.

Receipts will be issued to parents immediately upon making payment.

Reminders for unpaid parent payments will be generated and distributed on a regular basis to parents, but not more than once a month.

All records of payments or contributions and any outstanding payments by parents and guardians are kept confidential.

COST AND SUPPORT TO PARENTS

When school councils consider the proposed requests for parent payments the cost is kept to a minimum and is affordable to most parents at the school.

School principals must ensure that:

- items students consume or take possession of are accurately costed
- payment requests are broadly itemised within the appropriate category
- parents are advised that they have the option of purchasing equivalent Essential Student Learning Items themselves, in consultation with the school
- information on payment options is available, accessible and easily understood to all parents so that they know what to expect and what supports they can access
- parents are provided with early notice of annual payment requests for school fees (i.e. a minimum of six weeks' notice prior to the end of the previous school year). This enables parents to save and budget accordingly.
- parents are provided with reasonable notice of any other payment requests that arise during the school year- ensuring parents have a clear understanding of the full financial contribution being sought
- the status and details of any financial arrangements are kept confidential and only shared with relevant school personnel
- parents experiencing hardship are not pursued for outstanding school fees from one year to the next
- use of debt collectors to obtain outstanding school funds owed to the school from parents is not permitted
- there will be only one reminder notice to parents for voluntary financial contributions per year
- Invoices/statements for unpaid essential or optional items accepted by parents are not generated more than monthly or according to the parent payment arrangement with the school.

FAMILY SUPPORT OPTIONS

- **State School Relief**
The school appreciates that families may sometimes experience financial difficulties in meeting requests for payments and contributions. A range of support options are available to assist eligible parents, including the access to State Schools Relief Committee support via the Welfare Officer which can assist with uniform.
- **Camps, Sports and Excursions Fund (CSEF)**
Schools are required to use the Camps, Sports and Excursions Fund (CSEF) payment for expenses relating to Camps, Sport and/or Excursions for the benefit of the eligible student. Some common examples of school-organised programs for which the CSEF payment may be used include:
 - School camps/trips
 - Swimming and other school-organised sporting programs.
 - Outdoor education programs.
 - Excursions/incursionsThe CSEF payment cannot be used towards voluntary school charges, nor towards books, stationery, school uniforms, before/after school care, music lessons or other optional items. Parents and guardians who hold a valid means-tested concession card or are a temporary foster parent, may be eligible for CSEF. This allowance is paid to the school to use towards expenses relating to camps, excursions or sporting activities for the benefit of the child. The total CSEF amount per student will be allocated in consultation with parents/carer.

CONSIDERATION OF HARDSHIP

- Adrian Zonneveldt (our Business Manager) is the nominated parent payment contact person who parents can communicate with by phone (0358711700), email (Zonneveldt.adrian.a@edumail.vic.gov.au) or in person about their financial situation and related difficulties in making payments.
- Parents/guardians wishing to apply for financial relief are encouraged to reach out to discuss potential options. All relief must be approved by the Principal

ENGAGING WITH PARENTS

In respect to each school's development of its parent payments, school councils will engage in effective communication with the school community and have strategies in place to ensure they are aware of and understand the needs and views of parents.

REVIEW OF POLICY IMPLEMENTATION

This policy was last updated in 2019 and is scheduled for review in 2020.

The full Parent Payment Policy is available from the Department's [School Policy and Advisory Guide](#). Answers to the most commonly asked questions about school costs for parents see: [Frequently Asked Questions – For Parents](#)

Understanding Parent Payment Categories

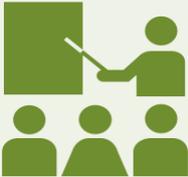

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability

Engagement & Support | Respect & Confidentiality | Transparency & Accountability

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
 - textbooks, activity books, exercise books
 - stationery, book bags
 - student ID cards, locks
 - cooking ingredients students will consume
 - materials for final products that students take home (technology projects, build-your-own kits, dioramas)
 - Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
 - excursions
 - incursions
 - school sports
 - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
 - school magazines, class photos
 - functions, formals, graduation dinners
 - materials for extra curricular programs
 - student accident insurance

Activities the student purchases

- e.g.
 - fees for extra curricular programs or activities, such as instrumental music tuition
 - fees for guest speakers
 - camps, excursions, incursions, sports
 - entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
 - use of silver in metal work instead of copper
 - supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

For more information on Parent Payments and Personal Devices, visit the DET website at: www.education.vic.gov.au

Schools can invite **Voluntary Financial Contributions** for

- e.g.
 - Building or Library fund (Tax deductible)
 - Voluntary contributions for a specific purpose, such as equipment, materials, services.
 - General voluntary contributions
